**3 STRONG REASONS FOR BECOMING A NATUREFRIENDS MEMBER**

# LIVE FREEDOM BECOME A NATUREFRIENDS MEMBER.

We live in a world that is more and more dictated by market constraints. Freedom is increasingly becoming a commodity that only few can afford. In the mountains, too.

Our efforts to share forest roads fell on deaf ears. Hundreds of thousands of bikers continue to be criminalised and peaceful coexistence in the outdoors, benefitting all, is hampered. People enjoying recreational sports in Austria need a strong advocate, able to act independently of interest groups from industry and economy.

With more than 150,000 members, Naturefriends Austria is one of the largest and most important leisure-time and environmental organisations in Austria. Sustainable social commitment is at the core of all our thoughts and actions.

We are environmentally proactive, according to our motto "We live nature". We invite everyone who loves nature and the mountains to jointly experience nature's beauty and do sports as well as to actively participate in the protection of our environment.

## 1 MOUNTAIN HUTS AND NATURE

Leisurely as well as challenging hikes, climbs, bicycle tours, ski tours, or whitewater adventures – Naturefriends offer an incredible number of nature experiences, all year round and in Austria as well as abroad. You receive a discount of up to 30 % on overnight stays in mountain huts and houses owned by all Austrian alpine associations.

■ **Lively mountain-hut life** with reductions on overnight stays in our own 140 mountain huts and in those owned by all other Austrian alpine associations. 10 % discount at all JUFA facilities.

■ Our volunteers maintain approximately 15,000 km of hiking trails. With our via ferratas, Natura Trails, themed paths and educational paths, we make a substantial contribution to the maintenance and expansion of the alpine infrastructure.

■ We are pioneers of many projects for **sustainable protection of the environment and climate**. This is reflected in how our houses and mountain huts are run.

■ We are one of the most ardent advocates in Austria of the **free right of way** and, as an alpine association, we are also involved at a political level to find viable solutions for both the environment and all those enjoying leisure-time sports. We don't cave in at the first sign of resistance.

## 2 TRAINING & SPORT FOR YOU

Benefit from the plethora of Naturefriends courses and training offers with our competent trainers and instructors in our alpine training centres, bouldering and climbing halls, and in the Wildalpen whitewater centre!

■ The **best training, courses and programmes** in our alpine training centres, more than 100 bouldering and climbing halls, the Naturefriends Bikepark Königsberg and the Wildalpen whitewater centre. International competitions can be held in the climbing halls in Linz and Vienna as well as in the bouldering hall in Bludenz.

■ A large team of around 8,000 volunteer Naturefriends instructors, officials, trainers and employees are your competent leisure-time partners. They organise diverse activities, environmental work camps and trips at fair prices all over Austria.

■ Exciting adventures on **holiday camps and environmental projects** for children and teenagers.

## 3 SAFETY, WHEREVER YOU GO

Our worldwide Leisure Accident Insurance provides all Naturefriends members with insurance cover for leisure-time sports accidents.

- Costs of medical evacuation (including helicopter): **up to € 30,000**
- Repatriation costs (including national and international repatriation of remains after accidents): **up to € 30,000**
- Permanent disability: **€ 30,000** if the total degree of disability is equal to or exceeds 25 %
- Liability insurance of up to € 2,500,000 for injury to persons and damage to goods in Europe and in non-European states bordering on the Mediterranean Sea
- Supplementary insurance for **€ 12**: worldwide foreign travel insurance including reimbursement of hospital costs (€ 13,000) and SOS repatriation without cost limit

The details concerning the Naturefriends Insurance are valid for 2020. Find more details at [naturfreunde.at/versicherung](http://naturfreunde.at/versicherung)
